

Roman Electrical LTD Quality Policy 2026

Roman Electrical Limited is committed to ensuring that its products and services fully meet the requirements of its customers at all times. From the installation of low-cost solutions through to high performance “hi-tech” systems it is the goal of the company is to achieve a high level of customer satisfaction at all times.

Objectives needed to ensure that the requirements of this policy are met, and that continual improvement is maintained in line with the spirit of the policy, will be set and monitored at Management Review.

All employees have a responsibility to support this policy and to comply with the standards, methods and procedures adopted by the company. Further, to bring to the managers' / supervisors' attention any problem that cannot be resolved within their area of responsibility. To this end, the quality policy and objectives will be communicated and available to all employees and training will be an integral part of the strategy to achieve the objectives.

Within this Policy we are committed to operating under the disciplines and control of a Quality Management System based on the International Standard ISO 9001:2015.
